Dear Mrs. Addison

Northamptonshire MWDF: Site in Milton Malsor Parish

Thank you for your letter of 8th January regarding the above.

The Stoke Albany site is not considered as appropriate site for mineral extraction compared to the Milton Malsor site. You have previously been directed to the relevant site assessments. As letters from Planning Policy have stated, the Parish Council and others in Milton Malsor can make representations on the Proposed Submission Locations for Minerals Development DPD. All representations will be considered by an independent planning inspector who will make binding recommendations on the County Council.

Yours sincerely

BEN SMITH
